Sunday, May 5

Mr. Robert G. Hess, Jr.
Program Director
Yale Broadcasting Company, Incompany
242-A Yale Station
New Haven, Connecticut

Dear Don:

Congratulations! the four have broken all 'received telephone calls while on the air' records, and are hereby awarded one great big thanks. The next morning at breakfast, lots of people wer asking about the "Barefoot Romp", and how good the show was etc. I'm sorry to say, but you broke the previous record established by Princeton representatives ("sorry" because of filial connections). I have two apologies to make, however. The fir st concerns the sign-off time. Previously we have had three shows go on the air past 11 o'clock (two of which went until midnight). The rules do say that we can't, but up until the other night, the janitors have overlooked that. I, unfortunately assumed that they would this time. I'm sorry for the inconvenience. The second apology concerns the sudden exit of yours truly. I was truly intending to play hostess throughout the evening, but I'm afraid that some concerns of mine were popping into my head, and I then thought it better to leave. I gather from the reports, however, that yo u were well entertained. I was listening!

I hope that you will relay the above paragraph to Buff, Mac and Herb. I'm counting on the former two to reappear on WBS with any friends next year. Maybe we can get together a few exchanges to liven up both stations, one being more in need than the other.

I have a rather unfortunate note to end upon. In your great rush to leave Alumni Hall by 11, I'm afraid that you ran off with a few of our records. The TomeRush album and the 45's which Buff played are definately missing, and there may be others. Since our library is none too large, we would appreciate a fast return. I do understand, however, the ma scrabble you went through.

Best thanks and congratulations for an excellent and entertaining evening.

Sincerely,

Anne H. Goodman

President of WBS
